

*Maryland
I-CAR® Education Committee*

INVITES YOU

Spread
the
News!

*to attend “WHAT’S NEW IN I-CAR® &
IN THE COLLISION INDUSTRY” event*

GM, Ford, Chrysler, Volvo, Audi, Jaguar, Toyota and Lexus have chosen I-CAR to provide their collision repair training needs.

We are here to provide that training to you!!

With the advancement of new technologies, steels, vehicle construction, and repair procedures vehicle manufactures are requiring on-going training. With most all of the on-going training for most of the major auto manufactures now being outsourced; we want to bring that training to you in the Maryland market area. We need your help to determine what training is needed and desired in this area. This meeting will also cover navigating the I-CAR® web site featuring online registration / payment capabilities and finally a user friendly technical area for finding various repair procedures.

Your Maryland I-CAR® Education Advisory Committees have arranged for I-CAR® Zone Trainer Jeffrey Poole, along with special guest speaker, to come and inform you and answer all of your questions. This meeting is for **Managers, Principle-Owners and Insurance Professionals** in the Maryland and surrounding areas, Collision Repair Industry on:

Thursday June 12th 2008 4-6pm food will be served

****The NEW SPS07****

Metallurgy and unitized Structures program will follow 6-10pm, bring an I-CAR® class payment coupon to attend this MUST HAVE class! Plan to attend and bring your associates!

Location: AUTOMOTIVE COLLISION TECHNOLOGIES, INC.
3636 Brenbrook Drive, Randallstown, MD 21133 ph. 410-521-5155

RSVP: Jeffrey Poole jeff.poole@i-car.com 847-915-8825

The I-CAR® Vision is that every person in the collision industry has the necessary technical knowledge and skills relevant to their position to achieve a complete and safe repair.
